## WORK EXPERIENCE

---

### Senior Technical Project Analyst (Technical Solutions)

09/2021 – 09/2025

*Dimagi*

Remote

- Architected and delivered production healthcare applications for government agencies (Colorado DOH, New Jersey DOH, Alameda County, Pima County), serving millions of residents and thousands of daily active users
- Designed and configured complex integrations across 10+ CommCare applications, external databases, analytics tools, and third-party systems for state government agencies
- Owned end-to-end technical delivery: from requirements gathering and system architecture through implementation, optimization, and 24/7 production support
- Led UAT strategy, assisted in QA planning, and performance optimization across concurrent production deployments, maintaining 24/7 support for statewide health service delivery
- Partnered with QA team to design and build a pilot automation tool that compressed testing workflows from 2–3 days to under 4 hours, demonstrating significant efficiency gains across deployment cycles

### Founder & Full-Stack Engineer

10/2025 – Present

*Creole Pale*

- Architected and deployed a scalable SaaS platform (Django, PostgreSQL) with a custom REST API and secure user authentication, live in production
- Built advanced search functionality with partial and fuzzy matching using PostgreSQL, improving language accessibility for non-fluent Haitian Creole learners
- Implemented AWS S3 for cloud-based audio storage and delivery, and optimized PostgreSQL schema for scalable query performance
- Configured continuous deployment pipeline via Render, enabling automatic production deploys on every GitHub push

### Web Developer

08/2020 – 08/2021

*Savannah Latin Dance*

Remote

- Built full-stack React + e-commerce platform for a service business, migrating legacy WordPress site and improving performance by 60%

## SKILLS

---

### Programming Languages

Python, JavaScript, SQL, HTML, CSS

### Frameworks & Tools

Django, Django REST Framework / REST APIs, API Design, Model Architecture, PostgreSQL, PostgreSQL Query Optimization, CI/CD (GitHub + Render), Agile Development

### Technologies

AWS (S3), Git / GitHub, Postman, Jira, Confluence, Sentry, Datadog, Tableau, Snowflake, UAT Strategy, Data Security & Privacy

## EDUCATION

---

### B.S. Computer Science

Present

*Western Governors University*

### B.A. Biological Sciences

2017

*Florida International University*
